## SUMMARY

Junior data professional skilled in Python, R, SQL and machine learning workflows, including EDA, feature engineering and predictive modeling. Hands-on experience with ETL processes, PL/SQL, dashboard development and data warehouse environments from analytics and consulting projects.

## TECHNICAL SKILLS

**Programming & ML:** Python (pandas, NumPy, scikit-learn, matplotlib), R (tidyverse, ggplot2, caret), Statistical Modeling, Predictive Modeling, Feature Engineering, Model Evaluation

**Data Analysis & Visualization:** EDA, Data Transformation, Data Visualization, Power BI, Excel (very good)

**Databases & Data Engineering:** SQL (very good), PL/SQL (good), ETL Workflows, Data Warehousing Concepts, Database Modeling

**Tools & Platforms:** Jupyter Notebook, RStudio, SQL Developer, Git, Docker, Conda, AWS (basics)

## PROFESSIONAL EXPERIENCE

**Danone** (Data Analytics) Warsaw  
*Intern Analyst* Oct 2024–Jan 2025

- Supported maintenance of Power BI dashboards by updating data sources and checking data consistency
- Helped investigate reporting issues by reviewing data flows and identifying discrepancies
- Communicated reporting requirements between business users and developers

**Deloitte Risk Advisory** (FineVare) Warsaw  
*Data Engineering Analyst/Consultant* Jan 2022–Aug 2023

- Gathered client requirements and turned them into clear transformation rules for the developers
- Designed and executed test cases to validate pipeline logic and ensure data consistency
- Developed selected ETL steps and data warehouse components using SQL and PL/SQL
- Performed data profiling, cleaning and exploratory analysis to support data modeling

**Sport2Go** (Early-stage startup, Marketplace SaaS for recreational sport) Warsaw/Wroclaw  
*Founding Team Member* Sep 2020–Dec 2020

- Supported early product development by gathering user insights, coordinating feature updates with developers and onboarding initial clients

## EDUCATION

**Warsaw School of Economics** Warsaw  
B.Sc., Quantitative Methods in Economics and Information Systems 2018–2021  
M.Sc., Advanced Analytics – Big Data 2023–2025

**Audencia Business School** (Student Exchange) Nantes  
M.Sc., Digital Business and Data Management Jan-May 2025

## VOLUNTEERING & LEADERSHIP EXPERIENCE

**Fundacja Potwory Klub Sportowy** Warsaw  
*Instructor & Group Leader* 2018–present (part-time)

- Led training sessions and supervised assistant instructors while managing groups of children during trainings and camps

**SKN Data Science** Warsaw  
*Member* 2023–2025

- Wrote articles and assisted in organizing data science workshops and events

**Szkoła Główna Gofrowa** (Student Initiative) Warsaw  
*Partnerships Coordinator* 2023–2024

- Acquired and managed partnerships with external business sponsors

## LANGUAGES, CERTIFICATES & INTERESTS

**Certificates:** NLP Workshops (Aviva), Duolingo English Certificate (C1)

**Languages:** Polish (Native), English (Fluent – C1), German (Intermediate – B1)

**Interests:** Skiing & Tennis (Certified Instructor), Chess, Guitar
